

BAND SAW MACHINES-TYC Series

TYC-350

Characteristics

The middle size of Ribbon Saw Machine with Strong power has large capacity in Welding and four section transmission. You can control speeds when you operate. Applying in Stamping d i.e., Shoes die, and metal processing.
- has wide of function and high effect . Therefore, you can use it Without Worry and adjust by yourself.

Specifications

Type

Cutting Capacity: 250

Throat Depth: 350mm

Blade Width : 3-13mm

Belt Saw Length : 2920mm

Saw Blade Speed : 30,55,79,114

Main Motor : 1 HP

Grinder Motor: 1/8 HP

Welder : 2.0 KVA

Table Inclination : RL45',FR10'

Table Area : 540x500

Dimension Machine : 1030x610x1710mm

Floor Space : 740x440

Net Weight : 260kg

Carton Size(LxWxH) : 1130x710x1890m/m
